

THE REEDE SCHOLARS

President's Corner

Updates:

Greetings Scholars! I hope you all had a safe and happy holiday season. As we embark on 2017, many of us are anticipating changes that may impact the vulnerable populations that we serve. As a part of this term's new initiative we are incorporating a two year theme to embrace and share the Reede Scholar brand. Our symposiums over the next two years will highlight oral health and this year's theme will be *Integrated care: Oral Health's Role in Equity*. However, we believe it is important to have a space to discuss the important changes that may face our nation as the next presidential administration takes command. This year will include a special session in addition to our annual symposium.

As a reminder, **annual dues** are \$100. There is a [donate](#) link on the [home page](#). Or you can mail your check to the office, ATTN: Kavitha Prakash. 164 Longwood Ave., 2nd floor, Boston, MA 02115.

Highlights from 164Longwood:

The organization is named in honor of Dr. Joan Y Reede, founder of the Minority Health Policy Fellowship. The Reede Scholars have chosen to name their alumni organization after the creator and mentor of this program, Dr. Joan Y. Reede. A pioneer in efforts to improve the representation of ethnic minorities in health services careers, Dr. Reede has served as an inspiration for thousands of students seeking to make a difference in the health of their communities. The Reede Scholars hope to honor her work by continuing the legacy of achievement in minority health.
