Happy Holidays!

A SPECIAL HOLIDAY MESSAGE FROM THE PRESIDENT

Greetings Reede Scholars Family!

This Special Holiday Edition is dedicated to all of you and the amazing accomplishments achieve throughout the year. As 2021, fast becomes a page in the history books, I am reminded of the vast accomplishments of our family.

This year alone, there have been appointments in top leadership positions at the national, state, and local governments. From east to west and from north to south, in the board room, in nonprofits, in community safety-nets, the halls of academia, and within the nation's top payer organizations, we are leading change in every aspect of the lives of the communities we serve.

Your work has been recognized, praised and rewarded. You have served with distinction. We want to thank you for all you do. For the many sacrifices you make, we are grateful. And for the commitment to our Core values: R.I.S.E. - respect for one another and those we serve, integrity in all we do, service and commitment to health and well-being for all, and excellence always – we are so very proud!

I want to thank all who donated

time and energy to our organization. We are stronger because of your efforts. To my executive team, Board of Directors, advisors and counselors, and Scholars serving on committees, fundraising, keeping our quarterly newsletter going, and much more, I thank you!

I would like to express my deep gratitude and appreciation to the Reede Scholars who donated financially in 2021. Many of you consistently give every year, and to those would give more than we ask – **THANK YOU!**

To my friends and team at the T. H. Chan School of Public Health, words cannot express how truly thankful I am for your support, your guidance, and your expertise in helping to assure my first Executive Leadership Program was a success.

And finally, we send huge thank you to our **2021** sponsors and supporters: **DentaQuest, CareQuest, Commonwealth Fund, HMS' Office of Diversity, Inclusion and Community Partners,**

Children's Oral Health Institute, and Brushtime Bunny. Because of their generosity we finish the year strong and can enhance and expand programs and initiatives in 2022!
Best,
Mary

Holiday Social Hour Well Attended

About 20 Reede Scholars joined the last Social Hour of 2021 to say hello and offer talk about Networking. This unposed photo captures the smiles, laughter, & fun shared by all. Cynthia Hodge served as Host with Ying Wang pitch hitting for Thomas Dichter. Ying also provided a 'tasty treat' delivered by Grubhub! Several tips on Networking for introverts, who find meeting new people daunting, were shared. One premium tip was that 'some prospective employers want to know about your network, as they consider it value added for their organization'. Another reason to expand your social & professional network! Toasts of best wishes and happy holidays ended the hour.
